

Declaration for Patent Application

Title of the Invention: Method for Selecting the Polarization of the Laser Beam Oscillating Inside a Laser Cavity

As a below named inventor, I hereby declare that:

This declaration is directed to:

☐ The attached application, or

☒ Application No. PCT/IB2003/004239 filed on September 26, 2003

☐ as amended on _____ (if applicable);

I/we believe I/we am/are the original and first inventor(s) of the subject matter which is claimed and for which a patent is sought;

I/we hereby state that I have reviewed and understand the contents of the above-identified application, including the claims, as amended by any amendment specifically referred to above.

I/we acknowledge the duty to disclose to the United States Patent and Trademark Office all information known to me/us to be material to patentability as defined in 37 C.F.R. 1.56, including material information which became available between the filing date of the prior application and the National or PCT International filing date of the continuation-in-part application, if applicable; and

POWER OF ATTORNEY

I hereby appoint Practitioners at Customer No. 24235 as my/our attorney(s) to prosecute the application identified above, and to transact all business in the Patent and Trademark Office connected therewith.

All statements made herein of my own knowledge are true, and all statements made on information and belief are believed to be true; and further that these statements were made with knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001, and may jeopardize the validity of the application or any patent issuing thereon.
